CANTERBURY GRANITE PLANTERS

Stylish contemporary planters with the beauty and strength of real granite. We have taken beautiful natural granite, and created a comprehensive range of high-quality, stylish planters perfect for the modern garden.

The planters are made from cut slabs of solid granite polished to a midshine. They are extremely strong and designed to stand the test of time.

Granite planters make a statement at any entrance, and their clean lines and either charcoal or light grey colours suit formal gardens and hard landscaping particularly well.

Guaranteed, comprehensive 5 year warranty
 Drainage hole (can be sealed for indoor use)
 Drip tray available to fit most planters, as indicated*
 Bases raised off the ground internally to aid drainage
 Suitable for all environments including public spaces
 Colours: Charcoal and Light Grey

MONACO NATURAL SLATE PLANTERS

The warm bronze and copper colour tones of our Monaco planters acts as a great foil for all kinds of foliage and floral colour.

Sunlight really brings out the beauty of the stone with all its variation. The look is natural but smart and with their simple squared shapes these versatile planters suit contemporary and traditional gardens equally well. In interiors, Slate planters particularly complement other natural materials, such as wooden floors and stone tiles.

Each planter is unique slate has a naturally uneven surface, and differences in tone and texture mean that every piece is individual. So, if you order a number of Slate planters, we'll do our best to match the stone but some variation is to be expected.

VENICE PLANTERS

Venice planters have a distinctive look inspired by Italian polished plaster. The tone-on-tone shades of warm grey combine to give an overall effect which is modern urban without being hardedged. The surface is smooth, with a light glossy patina.

They are lightweight planters, made from cement reinforced with natural plant fibre, a happy combination resulting in excellent strength and durability.

Shipping

Orders are sent from one of our warehouses in either Brisbane or Amamoor and we should be able to get most orders out to you within 2 weeks.

All orders are sent on pallet via a tail gate truck that has a hydraulic lift on the back, the driver will be able to move your goods on a pallet jack along any flat and even surface for up to about 10 meters from where the truck can get access to. However they will not be able to unpack and position your planters.

For a more detailed description of the delivery service. www.iotagarden.com.au/delivery-service/

For a more personalized service, we recommend removalists who can unpack and position your planters or furniture at a cost of \$300-\$400 per two cubic metres.

Our website has a shipping calculator that will give you a quote based on your postcode. Choose your items and then click "add to cart" where you will be able to use the shipping calculator. It is a flat rate so regardless of how much you order the shipping will be the same for that particular postcode.

Guarantee

IOTA offers guarantees against manufacturing defects as follows:
